Info about the land:

We are building a natural, spiritual, amusement Kingdom and therapeutic healing center, also known as a "Spa Therapy Center"; on the North Carolina and Virginia Line, as one must travel 3-10 miles via North Carolina Roads to get to the Virginia property! This property can become an autonomous chartered municipality, as there are no Virginia access roads leading to this Virginian property.

Within a 600 mile radius of this property is a population of over 60 million. Located at the midpoint of 4 small municipalities, we are 20 miles from Danville & South Boston Virginia; 20 miles from Roxboro and Yanceyville North Carolina. Located 30 miles from Eden, NC. We are 70 miles from Greensboro & Raleigh North Carolina, as well as and Lynchburg VA. We are 130 miles from Richmond VA, 150 miles from Charlotte, NC, and 225 miles from Washington, DC.

When the world is seeking a greater ecological expression of sustainable living, we offer the growth of our center as a unique place to find spiritual solace, physical rejuvenation and evolutionary growth.

For more than 40 years we have created alternative therapeutic formulas from concentrated herbs for the holistic remission of all mentionable disease and psychological imbalances. We invite you to partner with us and become an active team in the evolution of humanity. The value of our earthly footprint invokes more than 210 acres of land located on the North Carolina and Virginia State line; we offer political domicile selling legal office and mailing addresses within 2 states. Whereby we may influence as many as 22 members of congress, including 4 senators.

We will commence a building project on the spring equinox of 2015, whereby we will build 5 major vistas for activity and presentation, upon the full moon of each month until the August 1st & 2nd Raw on the Land Festival. We will actualize a community focused building exposition. Remember the barn raising parties of the rural folks? We are presenting 5 major barn raisings this spring and summer (2015). A sum of \$2,000 and land for each site will be provided by Body Ecology! We invite you to partner with us, that you own a special place in heart and upon this earth, whereby you can satisfy and realize your physical and evolutionary expression to the order of a higher humanity and self. We invite you to donate and match Body Ecology's contribution to this creative expression made physical upon this earth! We have donated over

210 acres of land to the Art of Life Foundation to actualize this creation and we ask you do to donate and partner with us in this unique endeavor.

The reason and need for, as well as the astrological significance of such a center is described in 50 chapters in my book, *"From Dogma to Light"*. Look inside my book at Amazon.com and contact us at artishinson@att.net.
